 - e. All existing and proposed traffic control devices
 - f. Location, size, and type of existing trees exceeding 5' in height
 - g. Location, size, and description of proposed signage
 - h. Location, size, and type of proposed landscaping
 - i. Location, size, and description of all walls, fences, and buffer areas both existing and proposed
 - j. All pedestrian walkways
 - k. Location and description of all easements
 - l. Location and description of existing and proposed utilities
 - m. Location and description of existing and proposed site lighting
 - n. Zoning category of the parcel and all surrounding parcels, including square footage of the parcel, number of required parking spaces and number provided.
 - o. Topographic information (including proposed finished grades) showing drainage for proposed project.

5. For Special Permits, the applicant must be prepared to address the following items at the hearing:
 - a. That the proposed use is in compliance with all other applicable regulations of the Zoning Local Law, and other applicable federal, state, and local regulations.
 - b. That the proposed use will not have an adverse impact upon the character or integrity of any land within the neighborhood.
 - c. That the proposed use is physically and visually compatible with (and will not impede development or redevelopment of) the general neighborhood or adversely affect the existing land use in proximity to the subject site.
6. Nine (9) copies of architectural rendering showing front, side, and rear elevations.
7. Nine (9) copies of the proposed floor plan, drawn to scale, with dimensions.
8. Completed "Environmental Assessment" form.
